# Electrical / MEP

Jaidah Group is active across the most dynamic and important sectors of Qatar's economy providing the business with a unique vantage point across the country's extraordinary growth story. Organisations across Qatar rely on Jaidah Group each and every day to sustain and support their operations. By underpinning many of the most important players in these sectors, Jaidah Group is helping write the story of Qatar's future economic success today.

Jaidah Group is a truly diversified business made up of five main operating divisions. Jaidah Automotive puts the country's motorists behind the wheels of some of the world's best-loved and most innovative motoring brands. Jaidah Heavy Equipment provides the machinery and material handling equipment laying the foundations of Qatar's development nationwide. The projects division provides the essential equipment, parts and supplies that keep Qatar's infrastructure optimised and running at

peak capacity. The joint ventures division has forged productive and long-standing partnerships with world-leaders in a variety of sectors. The investment and real estate division (JIREDCO) aims to create luxury buildings for commercial and residential use. Jaidah Electrical continues a Three -decade legacy of Jaidah divisions in its valuable contribution to the thriving and highly demanding Qatari commercial sector, and its unrivalled track record and experience in providing the country's needs with its wide range of products, starting from MV Transformers, internationally branded LV switchgears, Bus duct systems, including all types of cables, disconnect switches, wiring accessories and Lighting systems. Over and above these capabilities, Jaidah Electrical provides this sector even greater synergy and added value in establishing services and systems to accommodate structured cabling, security and home automation systems.

## Discover our brands:

- Schneider Electric
- LSIS
- Gersan
- Kopex
- Doha Cables
- ATX
- ABB
- Italfarad
- Lector Bar
- Rexton
- Leroy Somer
- Phoenix Contact
- Legrand

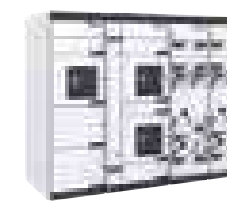

### About the company

Schneider Electric is leading the Digital Transformation of Energy Management and Automation in Homes, Buildings, Data Centers, Infrastructure and Industries. Schneider is the undisputable leader in Power Management – Medium Voltage, Low Voltage and Secure Power, and in Automation Systems. Schneider Electric provides integrated efficiency solutions, combining energy, automation and software.

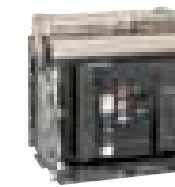

### Products

- » LV Panels & Switchboards up to 3200A (LV Panels)
- » Capacitor Banks (PFC)
- » Motor Control Centers (MCC)
- » Automatic Transfer Switches up to 2500A (ATS)
- » Manual Transfer Switches up to 1000A (MTS)
- » Synchronization panels up to 2500A
- » Feeder Pillars (FP)
- » Lighting Control Panels (LCP)
- » Submain Boards (SMB)
- » Distribution Boards (DB)
- » Circuit Breakers (ACB, MCCB, MCB, ELCB)
- » Metering kit panels up to 630A
- » Metal Isolators & Disconnect Switches
- » Copper Bus Way from 800A to 6000A
- » Wiring accessories
- » PVC isolators and ceiling roses
- » GI steel boxes
- » Under floor and raised floor boxes
- » Data products (patch panels, cords and cable)

### About the company

ABB is a pioneering technology leader that works closely with utility, industry, transport and infrastructure customers in roughly 100 countries. They are a leader in digitally connected and enabled industrial equipment and systems with an installed base of more than 70,000 control systems connecting, 70 million devices.

### Products

- » Dry Type Transformers
- » Oil Type Transformers
- » Distribution boards
- » Sub-main boards
- » Circuit breakers (ACB, MCCB, MCB, ELCB)
- » Metal isolators (switch-disconnectors)
- » Enclosed safety switches
- » Overload relays
- » Contactors
- » Motor starters

### About the company

Legrand is the global specialist in electrical and digital building infrastructures, offering high-value-added products and solutions for commercial, residential and industrial buildings. Committed, the Group works every day to accompany the development of connected buildings and provide sustainable access to electricity for millions of users globally.

### Products

- » Wiring accessories
- » Industrial plugs/sockets
- » Floor Boxes and under floor Trunking
- » Cable Management Systems (SEICO)
- » Digital intercom
- » Motion Detectors, PIR Sensors, timers, terminal blocks, fuses
- » Farash call panel system for Schools
- » Single Phase/ 3 Phase – 1KVA to 800KVA
- » Modular & Conventional Units

### About the company

LSIS supply customers with convenient and smart energy. They are leading the way towards a new future through innovations that exceed our customers' expectations. LSIS are creating an efficient convenient future through ICT convergence and the integration of sophisticated technologies; creating an abundant future by delivering safe and clean energy.

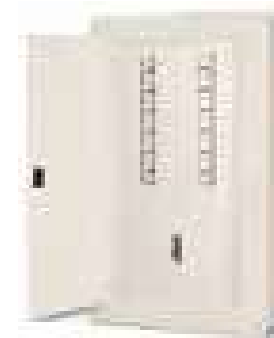

### Products

## About the company

Founded in 1950, ITALFARAD SPA, specialized in manufacturing electrical capacitors for A.C. general applications, such as lighting, motor run and Power Factor Correction. ITALFARAD also produces L.V. fixed and automatic P.F.C. systems, switching the capacitors by electro mechanic components (contactors) or by static system (triac).

## Products

- » Capacitor Banks (PFC) up to
- » Harmonic Filters
- » Motor Capacitors
- » MV Capacitors
- » PFC Regulators & Switching devices
- » Power Quality Analyzer

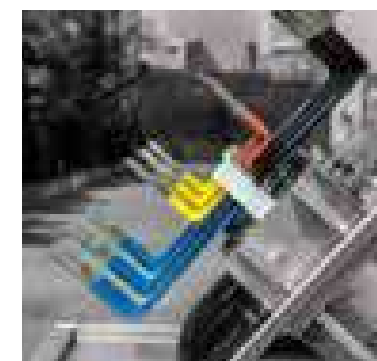

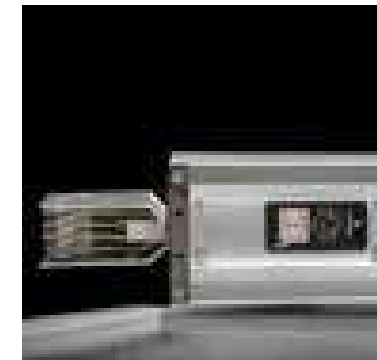

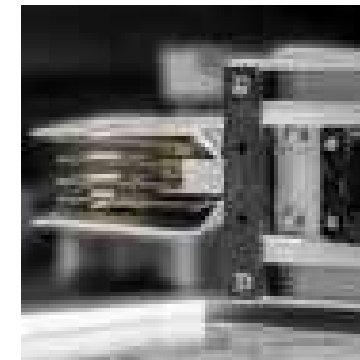

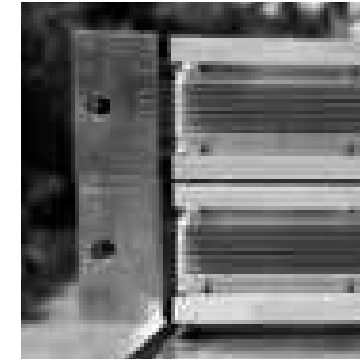

**About the company**

Lectro Bar is a specialized manufacturer of type tested bus duct. Since 1980 Lectrobar has manufactured thousands of meters of installed bus ducts covering a huge number of industries abroad. With two factories, LECTRO factories provide a state-of-the-art ISO certified manufacturing facility dedicated solely to producing the highest quality bus duct in the region.

**Products**

» Copper Bus Duct Systems up to 6000A and up to IP65

**Busway Systems**

### About the company

As a globally renowned leader in cable protection, Kopex offer a range of solutions providing protections for rail, construction and industrial applications. The Kopex name stands for quality and reliability. Quality assurance in manufacture is backed up by accreditations from major organizations worldwide.

### Products

- » Flexible Steel Conduits PVC Covered
- » Liquid Tight PVC Covered Conduits
- » Low Fire Hazard Liquid Tight Conduits
- » Flame Retardant Conduits
- » Stainless Steel Conduits
- » Enhanced Fire Performance Covered Steel Flexible Conduit
- » UL / CSA Listed - Liquid Tight Conduit
- » High Temperature - Liquid Tight Conduit
- » Uncovered Galvanized Steel Conduit
- » PVC Covered - Liquid Resistant Conduit
- » Low Fire Hazard - Liquid Resistant Conduit
- » Uncovered Flexible Conduit

### Products

### About the company

Rexton Technologies, is today a major player in cutting edge technology-driven industries like LED Lighting, Air Movement, Heating & Ventilation, Lifestyle & Security, Metal & PVC Cable Management Systems, Emergency & Exit Lighting, Home & Professional Appliances, Weather Proof & energy efficient Allied Accessories with an extensive range of over 5000 products sold and serviced across 120 countries globally.

### Products

**About the company**

DOHA CABLES is proud to be the first Qatari cable manufacturer producing national product and contributing to the sustainable development of the State of Qatar.

**Products**

- » Low Voltage Power Cables: 1KV Up To 1000mm<sup>2</sup>
- » Medium Voltage Cables: (11KV, 33KV)
- » Special Cables: Telecom cables, Instrumentation cables
- » Control cables, Fire alarm cables, Fire resistance cables
- » Flexible wires, Pilot cables, Magnet wires, etc.

**Cables**

Earthing Cables PVC and LSHF

Industrial and explosion proof motors

**About the company**

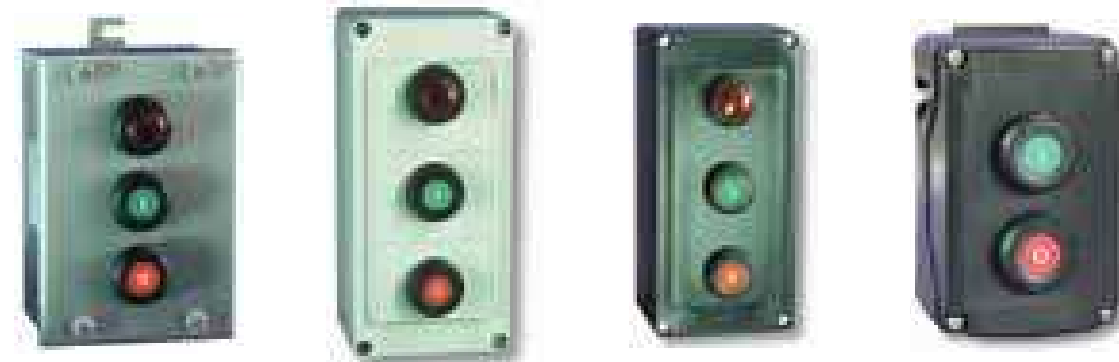

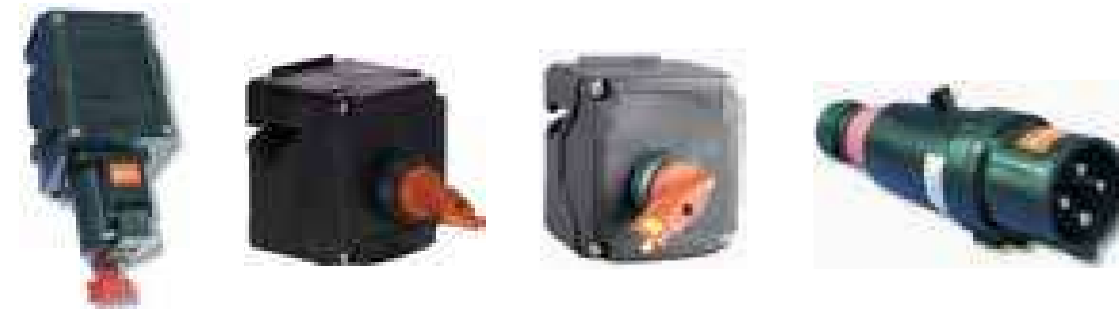

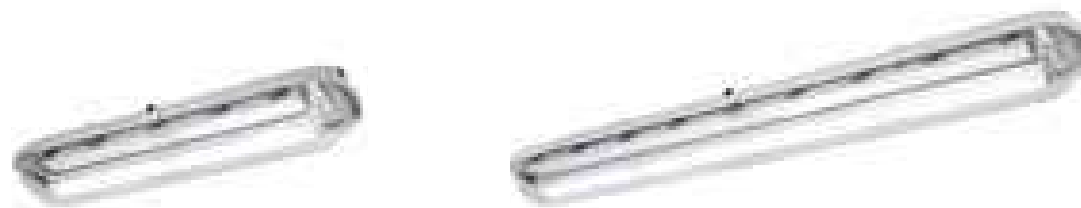

ATX concentrates on the most complex and profound challenges facing the world in the process, industrial, commercial and residential markets. ATX deliver solutions that bring greater value to their customers. Specialized in Explosion Proof manufactured products for EX-PROOF Hazardous Areas, (Zones 1,2) for increased safety and flame proof applications.

**Products**

Specialized in Explosion Proof manufactured products for EX-PROOF Hazardous Areas, (Zones 1,2) for increased safety and flame proof applications:

- » Explosion Proof Light fittings
- » Junction boxes
- » Control stations
- » Cable glands
- » Sockets and plugs

**Products**

### About the company

Phoenix Contact is a globally present, Germany-based market leader. The group is synonymous with future-oriented components, systems, and solutions in the fields of electrical engineering, electronics, and automation.

Products from Phoenix Contact are used wherever processes need to run automatically. This may be in industrial production facilities, in the field of renewable energies, in infrastructure or for complex device connection.

### Products

Specialized in Explosion Proof manufactured products for EX-PROOF Hazardous Areas, (Zones 1,2) for increased safety and flame proof applications:

- » Relays and Terminal Block
- » Termination Accessories
- » PVC Trunking
